Dear CEDFOI

I am writing to request access to documents under the Freedom of Information 2016.

Minister Steel as the Minister for Planning and Sustainable Development was asked a question in the Legislative Assembly on the Monaro Rock Quarry Project. In response Minister Steel advised that officers from the City and Environment Directorate had engaged with, and provided comments to the NSW Government on the Environmental Impact Statement (EIS) for the development and operation of a new hard rock quarry in Royalla NSW.

I would like to request access to the following documents which detail:

- Provided by the City and Environment Directorate representative to the New South Wales government on 22 September 2025 regarding the proposed development in the EIS. This includes comments from relevant entities covering water quality; erosion and sediment controls; issues of air quality; dust, noise and vibration impacts; fire management issues; heritage; and additional application requirements for development within the ACT
- The comments provided in 2021 by the Environment Planning and Sustainable Development Directorate on the Planning Secretary's Environmental Assessment Requirements (SEAR) and other matters to be addressed in the EIS.
- The comments that were made to the NSW Planning Portal.
- Correspondence between EPSDD and the Minister for Planning (2021) on input from EPSDD on the SEARs – including briefs and emails
- Correspondence between CED and the Minister for Planning (2025) on comments made by CED on the EIS – including briefs and emails
- Any other correspondence to the Minister for Planning from EPSDD and CED on the Monaro Rock Quarry Project between 2021 and the present
- Any correspondence to the Minister for Planning from the NSW Government on the Monaro Rock Quarry Project between 2021 and the present
- Any correspondence to the Minister for Planning from the community on the Monaro Rock Quarry Project from 2021 to present.

If you have any queries regarding this FOI request can you please contact [REDACTED]
