Dear [REDACTED]

Freedom of Information Request - Reference 21-126

I refer to your access application made under the *Freedom of Information Act 2016* (the FOI Act) received by Transport Canberra and City Services directorate (TCCS) on 17 November 2021 in which you sought access to the most recent community path priority list.

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

A decision on your application is due by 15 December 2021.

Decision on access

The most recent community path priority list has been identified. This list was current as of 24 November 2021 and has 569 individual requests for missing links that have been assessed and ranked.

As the list of community path requests is linked directly to requests made through Fix My Street, the list is being continually altered. Requests are prioritised based on the following five factors:

1. safety;
2. strategic (how the request completes routes identified as part of the [Active Travel Infrastructure strategic path network](#));
3. community (proximity to community attractions and trip generators, shops, schools, residential areas);
4. public transport- proximity to relevant public Transport facilities such as bus stops; and
5. demand.

Available funding is also considered in the management of these requests. While a request may be listed in the database, the fulfilment of a request depends on the above listed factors and in some instances the request may not be fulfilled.

In accordance with section 17 of the Act, I have considered the public interest in relation to information within the records identified as relevant to your access application. In this instance, I have not identified any factors favouring non-disclosure, and therefore have decided to release the information to you in full at Attachment A.

My decision is detailed further in the following statement of reasons.

Statement of Reasons

In making my decision on disclosing government information, I must identify all relevant factors in schedule 2 of the FOI Act and determine, on balance, where the public interest lies. In reaching my access decision, I have taken the following into account:

Factors favouring disclosure in the public interest (Schedule 2.1)

- Schedule 2.1(a)(ii) - contribute to positive and informed debate on important issues or matters of public interest.
- Schedule 2.1(a)(iii) - inform the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community.
- Schedule 2.1(a)(iv) - ensure effective oversight of expenditure of public funds; and;
- Schedule 2.1(a)(viii) - reveal the reason for a government decision and any background or contextual information that informed the decision.

Factors favouring non-disclosure (Schedule 2, Section 2.2)

- No factors favouring non-disclosure were identified as relevant to this application.

I have considered the public interest in relation to information about the ACT Government's operations pertaining to our community shared paths and find that the information enclosed with this notice is in the public interest to disclose in full.

Charges

No fee is applicable, as the total number of pages being disclosed is within the fee-free threshold.

Disclosure Log

In accordance with section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log, which is accessible [here](#).

Your access application, this notice of decision and records released to you will be published on the disclosure log within 3-10 business days, with your personal information removed.

Ombudsman review

My decision on your access application is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek an Ombudsman review of my decision under section 73 of the Act within 20 working days from the day that my decision is made or a longer period if allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:
