File No.	Application scope summary:
26-184	In the ministerial press release announcing upcoming changes to library hours, there is a reference to 'Libraries ACT visit data [which] shows demand is concentrated on weekdays and Saturdays, and more than 96 per cent of all weekday library visits happen during standard business hours. I request a copy of this data, in the most granular form which is consistent with the privacy of its subjects. Ideally this would be number of visitors per hour, per day at each Libraries ACT branch for the period July 2024–February 2026. To avoid doubt, I am not requesting any information which could identify any person. My strong preference is to receive this data in CSV format. If any statistical model or data visualisations were prepared for and used to inform the decision about the hours changes, I also request a copy of those visualisations, and any data underlying them not within the ambit of my request above.
