Dear 

Freedom of information request: Reference 22-115

I refer to your application made under section 30 of the *Freedom of Information Act 2016* (the FOI Act) received by Transport Canberra and City Services (TCCS) on 12 August 2022, in which you sought access to information in relation to TCCS DAS and Animal Nuisance complaints:

1. The volume of Animal Nuisance complaints were received by TCCS DAS for each year between 2019-2022 via the formed complaint letter, phone or email?
2. Volume of 'Notice to Remedy' or notice of Animal Nuisance complaint notifications sent to owners in relation to Animal Nuisance complaints for each year between 2019-2022?
3. Volume of the above cases were investigated through Neighbourhood Canvass or "sit-offs" ?
4. Volume of animal seizures for each year between 2019 – 2022 as a result of Animal Nuisance complaints?
5. Volume of infringements issued to animal owners in relation to Animal Nuisance complaints between 2019 – 2022?
6. Volume of closed Animal Nuisance complaints between 2019 – 2022.

Authority

I am an Information Officer appointed by the Director-General under section 18 of the FOI Act to deal with access applications made under Part 5 of the Act.

Timeframes

In accordance with section 40 of the Act, TCCS was required to provide a decision on your access application by 29 August 2022. I thank you for agreeing to an extension to 19 October 2022.

Decision on access

A search has now been completed and data has been identified for items 1, 4, 5 and 6 of your request. I have included as **Attachment A** to this decision the schedule listing the data identified.

I have found the searches conducted in relation to points 2 and 3 to have exhausted all reasonable steps, and the information you have requested is not held by TCCS.

I have refused access under section 35(1)(c) of the FOI Act to some of the information that you have requested. This is because it is contrary to the public interest to disclose.

My access decision is detailed further in the following statement of reasons.

Statement of Reasons

In making my decision on disclosing government information, I must identify all relevant factors in schedule 2 of the FOI Act and determine, on balance, where the public interest lies. Further, in reaching my access decision, I have taken the following into account:

- The FOI Act;
- The content of the documents that fall within the scope of your request; and
- The *Human Rights Act 2004*.

Factors favouring disclosure (Schedule 2.1)

- Section 2.1(a)(i) promote open discussion of public affairs and enhance the government's accountability; and
- Section 2.1 (a)(ii) contribute to positive and informed debate on important issues or matters of public interest.

Factors favouring non-disclosure (Schedule 2.2)

- Section 2.2 (a)(ii) – prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*.

Part 1

A total of 762 animal nuisance cases have been identified on TCCS' Case Management system extracted using a data filter search from 1 January 2019 to 27 September 2022.

This case management system went live mid July 2019 and outstanding Animal Nuisance cases were migrated from a previous ICT system. Cases resolved before July 2019 are not reflected in the enclosed data, as the old system is decommissioned and the information is no longer held by TCCS.

Part 2 and 3

The specific data requested under parts 2 and 3 is not available. The data has not been collected in the manner requested and no record containing the total volume of the data that you are seeking has been created.

Part 4

To address item 4, we have extracted data showing the total amount of animals seized (impounded) between 1 January 2019 to 13 October 2022. The reason for the impound can be found under the column "Reason for Impound". You will note that "Animal nuisance" is not a "tracked" reason for impounding. A copy of the raw data has been enclosed and includes some dates from 2018.

Part 5

A search on our case management system from 1 January 2019 to 27 September 2022 has been completed for all infringements issued. The raw data has been enclosed. The data shows that four "Contravention of nuisance notice S112(7)" infringements were issued for this period.

Part 6

A search of the case management system from 1 January 2019 to 27 September 2022 shows that a total of 664 animal nuisance cases have been closed.

Pages 1-20 and 112 -135

The factors I considered relevant in relation to favouring non-disclosure is where information might prejudice the protection of an individual's right to privacy. I have decided that the addresses relating to the animal being complained about could identify an individual and would prejudice their right to privacy under the *Human Rights Act 2004*. I am satisfied that the factors in favour of release can still be met while protecting the personal information of individuals involved. I find the protection of this information outweighs disclosure.

Charges

I have decided to waive the processing fees as the number pages exceeding the fee free threshold is marginal.

Disclosure log

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents released to you will be published on the TCCS disclosure from 3 days after the date of this decision.

Your personal contact details will not be published. You may view the TCCS disclosure log at http://www.tccs.act.gov.au/about-us/freedom_of_information.

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman
GPO Box 442
CANBERRA ACT 2601

Via email: actfoi@ombudsman.gov.au

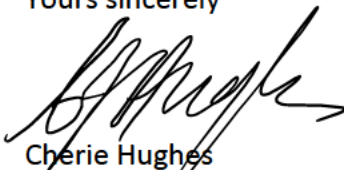

ACT Civil and Administrative Tribunal (ACAT) review
