**Registration Criteria that presently apply, other criteria may apply after further assessment.**

**(1) Natural or cultural heritage value**

The object of this value is to identify trees that are of particular importance to the community due to their intrinsic heritage values.

A tree may be considered to be of natural or cultural heritage value when it is:

- (a) associated with a significant public figure or important historical event; or
- (b) of high cultural heritage value to the community or cultural group, including trees associated with aboriginal heritage and culture; or
- (c) associated with a heritage nominated place and representative of that same historic period.

**(2) Landscape and aesthetic value**

The object of this value is to identify trees that are of particular importance to the community due to their substantial contribution to the surrounding landscape.

A tree may be considered to be of landscape and aesthetic value if it is situated in a prominent location when viewed from a public place and it:

- (a) contributes significantly to the surrounding landscape based on its overall form, structure, vigour and aesthetic values; or
- (b) represents an outstanding example of the species, including age, size or habit; or

## ACT Tree Register

(c) is an exceptional example of a locally native species that reached maturity prior to urban development in its immediate vicinity.

### Statement against the Criteria

This tree is located on built-up urban area to which the above criteria apply. The tree meets the criteria of Natural or Cultural Heritage Value and Landscape and Aesthetic Value as defined under the Tree Protection Act 2005.

For the above reasons I am satisfied that the Heritage, Landscape and Aesthetic values are high, and that the tree significantly contributes to the above values.

Furthermore, I am not satisfied that the tree meets the criteria for cancellation of registration.
