Number of trunks	1
Tree Protection Zone	Canopy plus two (2) metres
Grid co-ordinates	X – 692229.38
MGA Zone 55	Y – 6096586.47

Registration Criteria that presently apply, other criteria may apply after further assessment.

(2) Landscape and aesthetic value

The object of this value is to identify trees that are of particular importance to the community due to their substantial contribution to the surrounding landscape.

A tree may be considered to be of landscape and aesthetic value if it is situated in a prominent location when viewed from a public place and it:

- (a) contributes significantly to the surrounding landscape based on its overall form, structure, vigour and aesthetic values; or
- (b) represents an outstanding example of the species, including age, size or habit; or
- (c) is an exceptional example of a locally native species that reached maturity prior to urban development in its immediate vicinity.

Statement against the Criteria

This tree is located on built-up urban area to which the above criteria apply. The tree meets the criteria of Landscape and Aesthetic value as defined under the *Urban Forest Act 2023*.

For the above reasons I am satisfied that the landscape and aesthetic value is high, and that the tree significantly contributes to the above value. Furthermore, I am not satisfied that the tree meets the criteria for cancellation of registration.

ACT Tree Register

Eucalyptus melliodora (Yellow Box)

Period of provisional registration: 1 year beginning from today. The provisional registration may end earlier if, prior to the end of that period, I decide to fully register, or not to fully register, the tree.
