Hi Ange,

Thank you for the catch up! As mentioned initially iCBR did accept this request as a full transfer from CMTEDD however having re-read and discussed with the business area it may sit better with you guys.

Scope of Request:

Documents relating to a decision that contracting AECOM to prepare the EIS for Light Rail Stage 2B meets the requirements of the Scoping document issued 4 March 2024 which states that: "The Authority requires that the proponent engage a suitably qualified independent consultant to prepare an EIS, OR the proponent submits, with the draft EIS, an independent review of the draft EIS undertaken by a suitably qualified consultant." The proponent in this case is Major Projects Canberra. AECOM is not an independent consultant, being in receipt of a large contract to support the development of this project. No independent review has been undertaken.

From discussion on our side, it seems the decision documents on whether the EIS requirements are met would be something CED prepares and then sends iCBR the drafted and final report saying yay or nay.

Could you please advise whether CED accept this as a full or partial transfer?

Thanks in advance,

Kirstie
