Dear 

Freedom of information request: Reference 18-033

I refer to your application made under the *Freedom of Information Act 2016* (the FOI Act) received by Transport Canberra and City Services Directorate (TCCS) on 9 April 2018, in which you sought access to:

- copies of the survey questions and data collected during the 2015 community consultation to commence all road works at once in the Gungahlin area, specifically road works on Gungahlin Drive, Gundaroo Drive and Horse Park Drive.

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Transport Canberra and City Services are required to provide a decision on your access application by 8 May 2018.

Decision on access

Searches were completed for relevant documents and four documents were identified that fall within the scope of your request.

I have included as Attachment A to this decision the schedule of relevant documents. This provides a description of each document that falls within the scope of your request and the access decision for each of those documents.

Documents identified as relevant to your request contain information that I consider to be, on balance, contrary to the public interest to disclose under the test set out in section 17 of the Act.

I have decided to grant access, under section 50 of the Act, to copies of documents (Attachment B) with deletions applied to information that I consider would be contrary to the public interest to disclose.

Statement of Reasons

The information considered contrary to the public interest to disclose includes the name and contact details of third parties.

The material I have considered in the assessment of these documents includes:

- the FOI Act, in particular:
 - Schedule 2 (b)(i) – the person making the request
- the *Information Privacy Act 2014*; and
- the content of the documents that fall within the scope your request.

Documents referenced as 1, 3, 4, 9, 11 and 12 of the identified documents contain personal information of third parties. Disclosure of personal information is governed by the 'use and disclosure' privacy principles. Part 3 of the Information Privacy Act 2014 (TTP 6.1) states that an agency that holds personal information about an individual that has been collected for a particular purpose, must not disclose the information to a third party unless the individual has consented to the use or disclosure of the information.

I have, therefore, decided that it is not in the public interest to disclose information that is considered as personal information.

Charges

No fee is payable as the number of pages being released is within the fee-free threshold.

Online publishing – disclosure log

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents released in response to your access application will be published in the TCCS disclosure log from 3 days after the date of this decision. Your personal details will not be published.

You may view TCCS' disclosure log at www.tccs.act.gov.au/about-us/freedom_of_information.

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman
GPO Box 442
CANBERRA ACT 2601

Via email: ombudsman@ombudsman.gov.au

Q2 Over the next 12 to 18 months, several road upgrade projects are planned for your area. These projects can be completed concurrently which may cause some extra disruption or they can be staged over a longer period of time. How do you think we should deliver these?
