#### Request for information

**(Please provide as much detail as possible, for example subject matter and relevant dates, and also provide details of documents that you are not interested in.)**

Under the Freedom of Information Act 2016 I want to access the following document/s (\*required field): I want a list of all the speed humps which have been installed across the ACT broken down by suburbs and any information relating to the public consultation relating to the installation of these speed humps.

I do not want to access the  
following documents in relation  
to my request::

**Thank you.**

Dear [REDACTED]

### **Freedom of Information Request - Reference 21-066**

I refer to your application made under the *Freedom of Information Act 2016* (FOI Act), which was received by Transport Canberra and City Services on 28 June 2021. It is my understanding that you are seeking access to the following government information:

1. *A list of all speed humps which have been installed across the ACT since the 1 January 2016.*
2. *All information relating to public consultation relating to the installation of speed humps in Chisholm, Richardson, Fadden, Gowrie, Gilmore, Calwell, Isabella Plains and Macarthur since 1 January 2016.*

*In relation to the list requested under point 1, it is preferential that the information be broken down into suburb and if the installation was on a new or existing road.*

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the FOI Act. A decision was due on your access application is due by 22 July 2021. Thank you for agreeing to an extension until 2 August 2021.

#### **Decision on access**

A search of documents held by TCCS has been completed and five records have been identified as relevant to your request. In accordance with section 17 of the Act, I have considered the public interest in relation to information within the records identified as relevant to your access application. In this instance, I have not identified any factors favouring non-disclosure, and therefore have decided to release the information to you in full. My decision is detailed further in the following statement of reasons.

A schedule of documents is enclosed at Attachment A and a copy of the documents are enclosed at Attachment B.

In processing your request, information relating to comprehensive public consultation on traffic control measures in Chisholm, Farrer, Richardson, Gowrie and Gilmore completed in 2013 were identified. While the consultation information is outside of the date range specified in your amended application, it provides transparency around the decision to

install traffic control devices in the above suburbs since 2016. This information is available to the public on the following links:

- <https://www.cityservices.act.gov.au/open-data-links/macarthur-fadden-and-gowrie-traffic-management-scheme>

I have, been informed by the area responsible for delivering the works that while the consultation informed the installations the outcome may vary from what was initially consulted upon. This was due to the time passing between the masterplan being drafted, and the installation of the traffic control measures. Letter box drops were made to residential and business properties in close proximity to the works. A copy of these letters have been included at Attachment B.

### **Statement of Reasons**

In making my decision on disclosing government information, I must identify all relevant factors in schedule 2 of the FOI Act and determine, on balance, where the public interest lies. In reaching my access decision, I have taken the following into account:

#### ***Factors favouring disclosure in the public interest (Schedule 2, Section 2.1)***

- Section 2.1(a)(iii) - inform the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community; and
- Section 2.1(a) (xi) - reveal environmental or health risks or measures relating to public health and safety.

#### ***Factors favouring non-disclosure (Schedule 2, Section 2.2)***

- No factors favouring non-disclosure were identified as relevant to this application.

I have considered the public interest in relation to the ACT Government's management of roads and traffic claming devices and find that the disclosure of the information enclosed with this notice is in the public interest to disclose in full.

### **Charges**

No fee applies as the number of pages being released is in the fee-free threshold.

**Online publishing – disclosure log**

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents will be published in the TCCS disclosure log from 3 days after the date of this decision. Your personal contact details will not be published. You may view the TCCS' disclosure log at [http://www.tccs.act.gov.au/about-us/freedom\\_of\\_information](http://www.tccs.act.gov.au/about-us/freedom_of_information).

**Ombudsman review**

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek an Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman  
GPO Box 442  
CANBERRA ACT 2601  
Via email: [actfoi@ombudsman.gov.au](mailto:actfoi@ombudsman.gov.au)

**ACT Civil and Administrative Tribunal (ACAT) review**

Under section 84 of the Act, if a decision is made under section 82 on an Ombudsman review, you may apply to the ACAT for review of the Ombudsman decision. Further information may be obtained from ACAT at:

ACT Civil and Administrative Tribunal  
Level 4, 1 Moore Street  
GPO Box 370  
CANBERRA CITY ACT 2601  
Telephone: (02) 6207 1740  
[www.acat.act.gov.au](http://www.acat.act.gov.au)

If you have any queries concerning the directorate's processing of your request, or would like further information, please contact the TCCS FOI team on (02) 6207 2987 or email to [tccs.foi@act.gov.au](mailto:tccs.foi@act.gov.au).

Yours sincerely

**Cherie Hughes**  
Information Officer

Hi Paula

TCCS has received an FOI from a member of the public, [REDACTED], who is seeking access to the following government information:

1. "A list of all speed humps which have been installed across the ACT since the 1 January 2016.
2. All information relating to public consultation relating to the installation of speed humps in Chisholm, Richardson, Fadden, Gowrie, Gilmore, Calwell, Isabella Plains and Macarthur since 1 January 2016.

*In relation to the list requested under point 1, it is preferential that the information be broken down into suburb and if the installation was on a new or existing road."*

I have attached for your reference the original application and amended application, which is described above.

Can you please:

1. notify the FOI section if you believe the request is complex or difficult to comply with and if extra time is required;
2. notify the FOI section if there is any information you are concerned about releasing;
3. provide all records falling within the scope of this request by close of business **9 July 2021**;

and

4. complete the attached form and return with your documents.

Kind regards,

**Samantha Irons | Assistant Director**

# RESIDENTIAL STREET IMPROVEMENTS 2017/18

JUNE 2018

Dear resident/business owner

The Residential Street Improvement Program aims to improve safety, reduce collisions and improve efficiency of the road network. An investigation of streets in your suburb has determined that traffic management measures are necessary to alleviate safety concerns.

Construction is expected to commence in July 2018 and may include:

- new linemarking
- creation of dedicated turn lanes
- new kerbed concrete islands
- installation of/modification to signage
- rubber road (speed) cushions
- asphalt speed humps
- parking restrictions
- streetlight upgrades.

The attached map details the proposed works which are near/adjacent to your residence/business.

Temporary traffic management arrangements will be in place during the works, however every effort will be made to minimise the disruption to the local community and maintain access for both vehicles and pedestrians during this time.

R.D. Gossip Consulting Engineers will be carrying out these works. You will receive a letter from them detailing the works to be carried out near your property and when these works will take place.

For further information please contact Access Canberra on 13 22 81.

Yours sincerely,

Carl Dias  
Senior Manager, Capital Works  
Transport Canberra and City Services

## RESIDENTIAL STREET IMPROVEMENTS 2016/17

### Background

A traffic study was undertaken on streets in your suburb in 2012/13. The study included a technical analysis of traffic data as well as community consultation on traffic issues in the area and the proposed treatments to mitigate some of these issues. The study then determined a master plan for traffic management treatments for the area and assigned priorities for their implementation.

The attached consultation plan details the final design outcomes of the treatments adjacent to your residence. The works may include linemarking, kerbed concrete islands and footpaths. Due to lane width requirements it may also be necessary to prevent on-street parking in front of your residence.

Construction work for the project is expected to commence early in November and be completed in December 2016. Work in front of your residence is expected to take a couple of weeks.

### Construction Works

Construction works may involve the provision of:

- new linemarking
- new kerbed concrete islands and associated footpaths, signage and linemarking
- streetlight upgrade

The contractor undertaking this work will advise you, via a letter in the mailbox, approximately one week prior to work commencing adjacent to your residence. The islands and footpaths will then be marked on the ground and a further letter will be issued to you advising that the works will be constructed approximately one week later. Any disturbance to existing landscaping will be restored by the contractor.
