Dear [redacted]

Freedom of Information Request - Reference 21-133

I refer to your application for access to government information received by Transport Canberra and City Services (TCCS) on 1 December 2021 under the *Freedom of Information Act 2016* (FOI Act). It is my understanding that you are seeking access to the following government information:

> *"the motorcycle crash data between 2010 and 2020 referred to in FOI 21-108 and used for the reforms to motorcycle licensing reforms mentioned on page 14 of the ACT Road Safety Action Plan 2020-2023."*

Timeframes
A decision was due on your application by 31 December 2021. Thank you for agreeing to an extension until 21 January 2022.

Authority
I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the FOI Act.

Decision on access
A search of TCCS records to identify information relevant to your application have been completed. The search identified two records (149 pages) within the scope of your access application.

In reviewing the information within these documents, I have decided to provide you with partial access to this information.

I have refused access under section 35(1)(c) of the FOI Act to some of the information that you have requested as it is contrary to the public interest to release. My access decision is detailed further in the following statement of reasons below. The records are enclosed at Attachment B with deletions applied to information that is contrary to the public interest.

Statement of Reasons
In reviewing the information within scope of your application, it was identified that a relevant third party may hold concerns about the disclosure of some of the information. In accordance with section 38, consultation with this relevant third party has been completed. In making my decision, I have considered the objections raised during this process.

In making my decision on disclosing government information, I must identify all relevant factors in schedule 2 of the FOI Act and determine, on balance, where the public interest lies. In reaching my access decision, I have considered the FOI Act in general which favours disclosure of information unless it is found to be contrary to the public interest. I have also identified the following factors as relevant to the information identified as in scope of your request:

Factors favouring disclosure (Schedule 2.1)

- Section 2.1 (a)(i) - promote open discussion of public affairs and enhance the government's accountability;
- Section 2.1 (a)(iv) - ensure effective oversight of expenditure of public funds; and
- Section 2.1 (a)(viii) reveal the reason for a government decision and any background or contextual information that informed the decision.

Factors favouring non-disclosure (Schedule 2.2)

- Section 2.2 (a)(ii) – prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*; and
- Schedule 2.2(a)(x) - prejudice intergovernmental relations.

I find that it is in the public interest to release most of this information. However, I have found some information within the relevant documents to be contrary to the public interest to disclose.

Information relating to privacy

In reviewing the information in scope of your application, the personal information of third parties was identified, including names and employment position of these parties. I have identified that some of this information is not currently available to the public, and disclosure is likely to prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*.

Factors in favour of release can still be met while protecting the personal information of these individuals. The protection of personal information of third parties not currently available publicly outweighs disclosure in this instance; As such, I have found it contrary to the public interest to release this information.

Intergovernmental relations

Some of the information within the records relevant to your application were obtained from intergovernmental information exchange and was done so with an assumption that sensitive information would be held in confidence. The continued provision of information between government agencies is crucial to timely and informed decision. I have found that the disclosure of some information within these records could reasonably be expected to prejudice intergovernmental relations and, on balance, is contrary to the public interest to disclose.

Charges

Pursuant to *Freedom of Information (Fees) Determination 2018* processing charges are applicable where the total number of pages exceeds 50 pages. However, in this instance I

have decided to waive the fees as the total number of pages marginally exceeds the fee-free threshold.

Online publishing – disclosure log

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents will be published in the TCCS disclosure log within 3-10 days from the date of this decision.

Your personal contact details will not be published. You may view the TCCS' disclosure log at http://www.tccs.act.gov.au/about-us/freedom_of_information.

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek an Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman
GPO Box 442
CANBERRA ACT 2601
Via email: actfoi@ombudsman.gov.au

ACT Civil and Administrative Tribunal (ACAT) review

Under section 84 of the Act, if a decision is made under section 82 on an Ombudsman review, you may apply to the ACAT for review of the Ombudsman decision.

Further information may be obtained from ACAT at:

If you have any queries concerning the directorate's processing of your request, or would like further information, please contact the TCCS FOI team on (02) 6207 2987 or email to tccs.foi@act.gov.au.

Yours sincerely
