(2) Landscape and aesthetic value

The object of this value is to identify trees that are of particular importance to the community due to their substantial contribution to the surrounding landscape.

A tree may be considered to be of landscape and aesthetic value if it is situated in a prominent location when viewed from a public place and it:

- (a) contributes significantly to the surrounding landscape based on its overall form, structure, vigour and aesthetic values; or
- (b) represents an outstanding example of the species, including age, size or habit; or
- (c) is an exceptional example of a locally native species that reached maturity prior to urban development in its immediate vicinity.

Statement against the Criteria

This tree is located on built-up urban area to which the above criteria apply. The tree meets the criteria of Landscape and Aesthetic value as defined under the [Tree Protection Act 2005](#).

For the above reasons I am satisfied that the landscape and aesthetic value is high, and that the tree significantly contributes to the above value.

Furthermore, I am not satisfied that the tree meets the criteria for cancellation of registration.

ACT Tree Register

(Provisional Registration)

Pursuant to Division 7.2 of the [Tree Protection Act 2005](#) as the Conservator of Flora and Fauna and for the reasons stated against the criteria above, I hereby make a decision under section 47 (1) to provisionally register the above tree on the ACT Tree Register.

Period of provisional registration: 1 year beginning from today. The provisional registration may end earlier if, prior to the end of that period, I decide to fully register, or not to fully register, the tree.
