Freedom of Information Request - Reference 24-046

I refer to your application for access to government information received by Transport Canberra and City Services (TCCS) on 4 April 2024. It is my understanding that you are seeking access to the following government information under the *Freedom of Information Act 2016* (FOI Act):

“...the Belconnen Westfield Bus Station quarterly maintenance reports sent from the manager of the bus station to the Territory between 01 January 2020 – present.”

Timeframes

In accordance with section 40 of the FOI Act a decision was initially due to you on 20 May 2024. I thank you for agreeing to an extension until 4 June 2024.

Authority

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the FOI Act.

Decision on access

In accordance with the FOI Act, a search of TCCS records has been completed and seventeen records have been identified as relevant to your application.

Upon reviewing the information within these records and applying the public interest test under section 17 of the FOI Act, I have found it to be in the public interest to provide you with full access to these records.

The reasons for my decision are detailed below in the statement of reasons. A list of documents relevant to your application are enclosed in the schedule at Attachment A. A copy of records is enclosed at Attachment B.

Statement of Reasons

The FOI Act has a pro disclosure bias, which requires information to be disclosed unless doing so would be contrary to the public interest. As an Information Officer, I must decide where, on balance, public interest lies in the disclosure of government information. Section 17(1) of the Act sets out the steps for completing the public interest test. As part of this process, I must identify all relevant factors in schedule 1 of the FOI Act. If no factor in schedule 1 is found relevant, I must then consider the factors listed in schedule 2 of the FOI Act and determine, on balance, where the public interest lies.

In making my decision on disclosing the relevant government information, I have taken the following into account:

- the FOI Act.
- the content of the documents that fall within the scope of your request.
- the Human Rights Act 2004.

Schedule 1:

- No relevant sections identified.

Schedule 2:

Factors favouring disclosure (Schedule 2.1)

- Schedule 2.1(a)(i) - promote open discussion of public affairs and enhance the government's accountability.
- Schedule 2.1(a)(ii) - (ii) contribute to positive and informed debate on important issues or matters of public interest.

Factors favouring non-disclosure (Schedule 2.2)

- No relevant sections identified.

In reviewing the relevant information, I have identified that the maintenance of the Westfield Bus Station has been a matter of public interest, and disclosure of the information is likely to promote open discussion of public affairs, enhance the government's accountability and contribute to positive and informed debate. In my review, I did not identify any factors favouring non-disclosure.

I have found that disclosure is, on balance, in the public interest and provide you with full access to the requested information. A copy of the relevant information is enclosed at [Attachment B](#).

Charges

In accordance with [Freedom of Information \(Fees\) Determination 2018](#), a fee of \$0.35 per page of information disclosed, except for the first 50 pages, may be applied to an access application. No fee is applicable to your application as the total number of pages falls within the fee-free threshold.

Online publishing – disclosure log

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. In accordance with section 28, your application, my decision, and the information disclosed to you will be published within 3 – 10 business days. Your personal information will be removed prior to publication. You may view the TCCS' disclosure log [here](#).

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek an Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log, or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman

CANBERRA ACT 2601
Via email: actfoi@ombudsman.gov.au
