Dear [REDACTED]

Freedom of Information Request - Reference 21-075

I refer to the access application you made under the *Freedom of Information Act 2016* (FOI Act) dated 29 July 2021. This application requested access to:

“the actual start and end times each day for irrigation or watering of ACT Government grounds at Calwell Ovals during the period March 2021 and August 2021”.

Timeframes

A decision on your application is due by 26 August 2021.

Authority

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the FOI Act.

Decision on access

The event log reports for Calwell fields have been identified for the period relevant to your request. A schedule listing each report is at Attachment A.

The reports contain some locations that are not relevant to your request but have been included as it has been captured when the data was derived from our systems. You will note that some data may include information relating to nominal irrigation schedules as well as regular inspections and testing where systems are manually turned on and off by our plumbing team.

In accordance with section 17 of the Act, I have considered the public interest in relation to information within the records identified as relevant to your access application. In this instance, I have not identified any factors favouring non-disclosure, and therefore have decided to release the information to you in full at Attachment B.

My decision is detailed further in the following statement of reasons.

Statement of Reasons

In making my decision on disclosing government information, I must identify all relevant factors in schedule 2 of the FOI Act and determine, on balance, where the public interest lies. In reaching my access decision, I have taken the following into account:

Factors favouring disclosure in the public interest (Schedule 2, Section 2.1)

- Section 2.1(a)(iii) - inform the community of the government's operations, including the policies, guidelines and codes of conduct followed by the government in its dealings with members of the community.

Factors favouring non-disclosure (Schedule 2, Section 2.2)

- No factors favouring non-disclosure were identified as relevant to this application.

I have considered the public interest in relation to information about the ACT Government's operations pertaining to the maintenance of our ovals and find that the information enclosed with this notice is in the public interest to disclose in full.

Charges

I have waived the fee as the number of pages being release marginally exceeds the fee-free threshold.

Online publishing – disclosure log

Under section 28 of the Act, TCCS maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents will be published in the TCCS disclosure log from 3 days after the date of this decision.

Your personal contact details will not be published. You may view the TCCS' disclosure log at http://www.tccs.act.gov.au/about-us/freedom_of_information.

Ombudsman review

My decision on your access request is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek an Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in TCCS' disclosure log or a longer period allowed by the Ombudsman.

If you wish to request a review of my decision, you may write to the Ombudsman at:

The ACT Ombudsman
GPO Box 442
CANBERRA ACT 2601
Via email: actfoi@ombudsman.gov.au

ACT Civil and Administrative Tribunal (ACAT) review

Under section 84 of the Act, if a decision is made under section 82 on an Ombudsman review, you may apply to the ACAT for review of the Ombudsman decision.
