

Monaro Highway upgrades: Lanyon Drive Interchange

Key upgrade features:

- 1 New southbound flyover on the Monaro Highway over Lanyon Drive (including three-metre wide sealed shoulders). **Part of Lanyon Drive Interchange – design and construct contract.**
- 2 Upgrade northbound carriageway including improved northbound merge from Lanyon Drive onto the Monaro Highway. **Part of Lanyon Drive Interchange – design and construct contract.**
- 3 Removal of the traffic lights at the Alexander Maconochie Centre intersection (Monaro Highway and David Warren Road). Access to David Warren Road only from the Monaro Highway southbound carriageway.
- 4 Roundabout at the intersection of the new Monaro Highway southbound off-ramp and David Warren Road extension.
- 5 Upgrading the signalised intersection at Lanyon Drive and Sheppard Street to four ways to include a direct connection to David Warren Road and the southbound off-ramp.
- 6 Provide two right-turn lanes from Lanyon Drive eastbound into Sheppard Street.
- 7 Existing southbound carriageway removed and landscaped.
