Location of *Eucalyptus blakelyi* RT1270 in Macgregor

Field	Details of tree
Street address	Between Rowland Street and John Holt Street, Macgregor
Location	PRZ1 Urban Open Space Block 44 Section 150, Macgregor
Botanical name	<i>Eucalyptus blakelyi</i>
Common name	Blakely's Red Gum
Tree height	20.2m
Canopy broadest diameter	23.4m
Description of radial measurement	

ACT Tree Register

Field	Details of tree
Canopy radial measurement	R1: 10.8m R2: 10.6m R3: 8.8m R4: 12.8m
Trunk circumference	563cm
Number of trunks	1 dividing into 6 @ 1.6m
Tree Protection Zone	Canopy plus two (2) metres
Grid co-ordinates GDA 2020 Lat/Long	Latitude: 35.20768° S Longitude: 149.00497° E

Registration Criteria that presently apply, other criteria may apply after further assessment.

(2) Landscape and aesthetic value

The object of this value is to identify trees that are of particular importance to the community due to their substantial contribution to the surrounding landscape.

A tree may be considered to be of landscape and aesthetic value if it is situated in a prominent location when viewed from a public place and it:

(a) contributes significantly to the surrounding landscape based on its overall form, structure, vigour and aesthetic values; or

(b) represents an outstanding example of the species, including age, size or habit; or

(c) is an exceptional example of a locally native species that reached maturity prior to urban development in its immediate vicinity.

ACT Tree Register

Statement against the Criteria

This tree is located on built-up urban area to which the above criteria apply. The tree meets the criteria of Landscape and Aesthetic value as defined under the *Urban Forest Act 2023*.

This remnant *Eucalyptus blakelyi* is an exceptional example of a local keystone species that existed prior to the recent urban development of the area (2010). It provides significant habitat and connectivity elements for native wildlife, and its grand size contributes significantly to the surrounding landscape. This tree is a prominent feature in the landscape when viewed from a public place.

For the above reasons I am satisfied that the landscape and aesthetic value is high, and that the tree significantly contributes to the above value in the surrounding area.

Furthermore, I am not satisfied that the tree meets the criteria for cancellation of registration.

Number RT1270 Macgregor

***Eucalyptus blakelyi* (Blakely's Red Gum)**

ACT Tree Register

(Provisional Registration)

Pursuant to Division 4.3 of the *Urban Forest Act 2023* as the Conservator of Flora and Fauna and for the reasons stated against the criteria above, I hereby make a decision under section 55 (1) to provisionally register the above tree on the ACT Tree Register.

Period of provisional registration: 1 year beginning from today. The provisional registration may end earlier if, prior to the end of that period, I decide to fully register, or not to fully register, the tree.
