Buses to replace light rail services

Between Alinga Street
and Well Station Drive.

Monday 12 January until
Friday 23 January 2026
(first - last service).

Scan the QR code for more information
or visit transport.act.gov.au

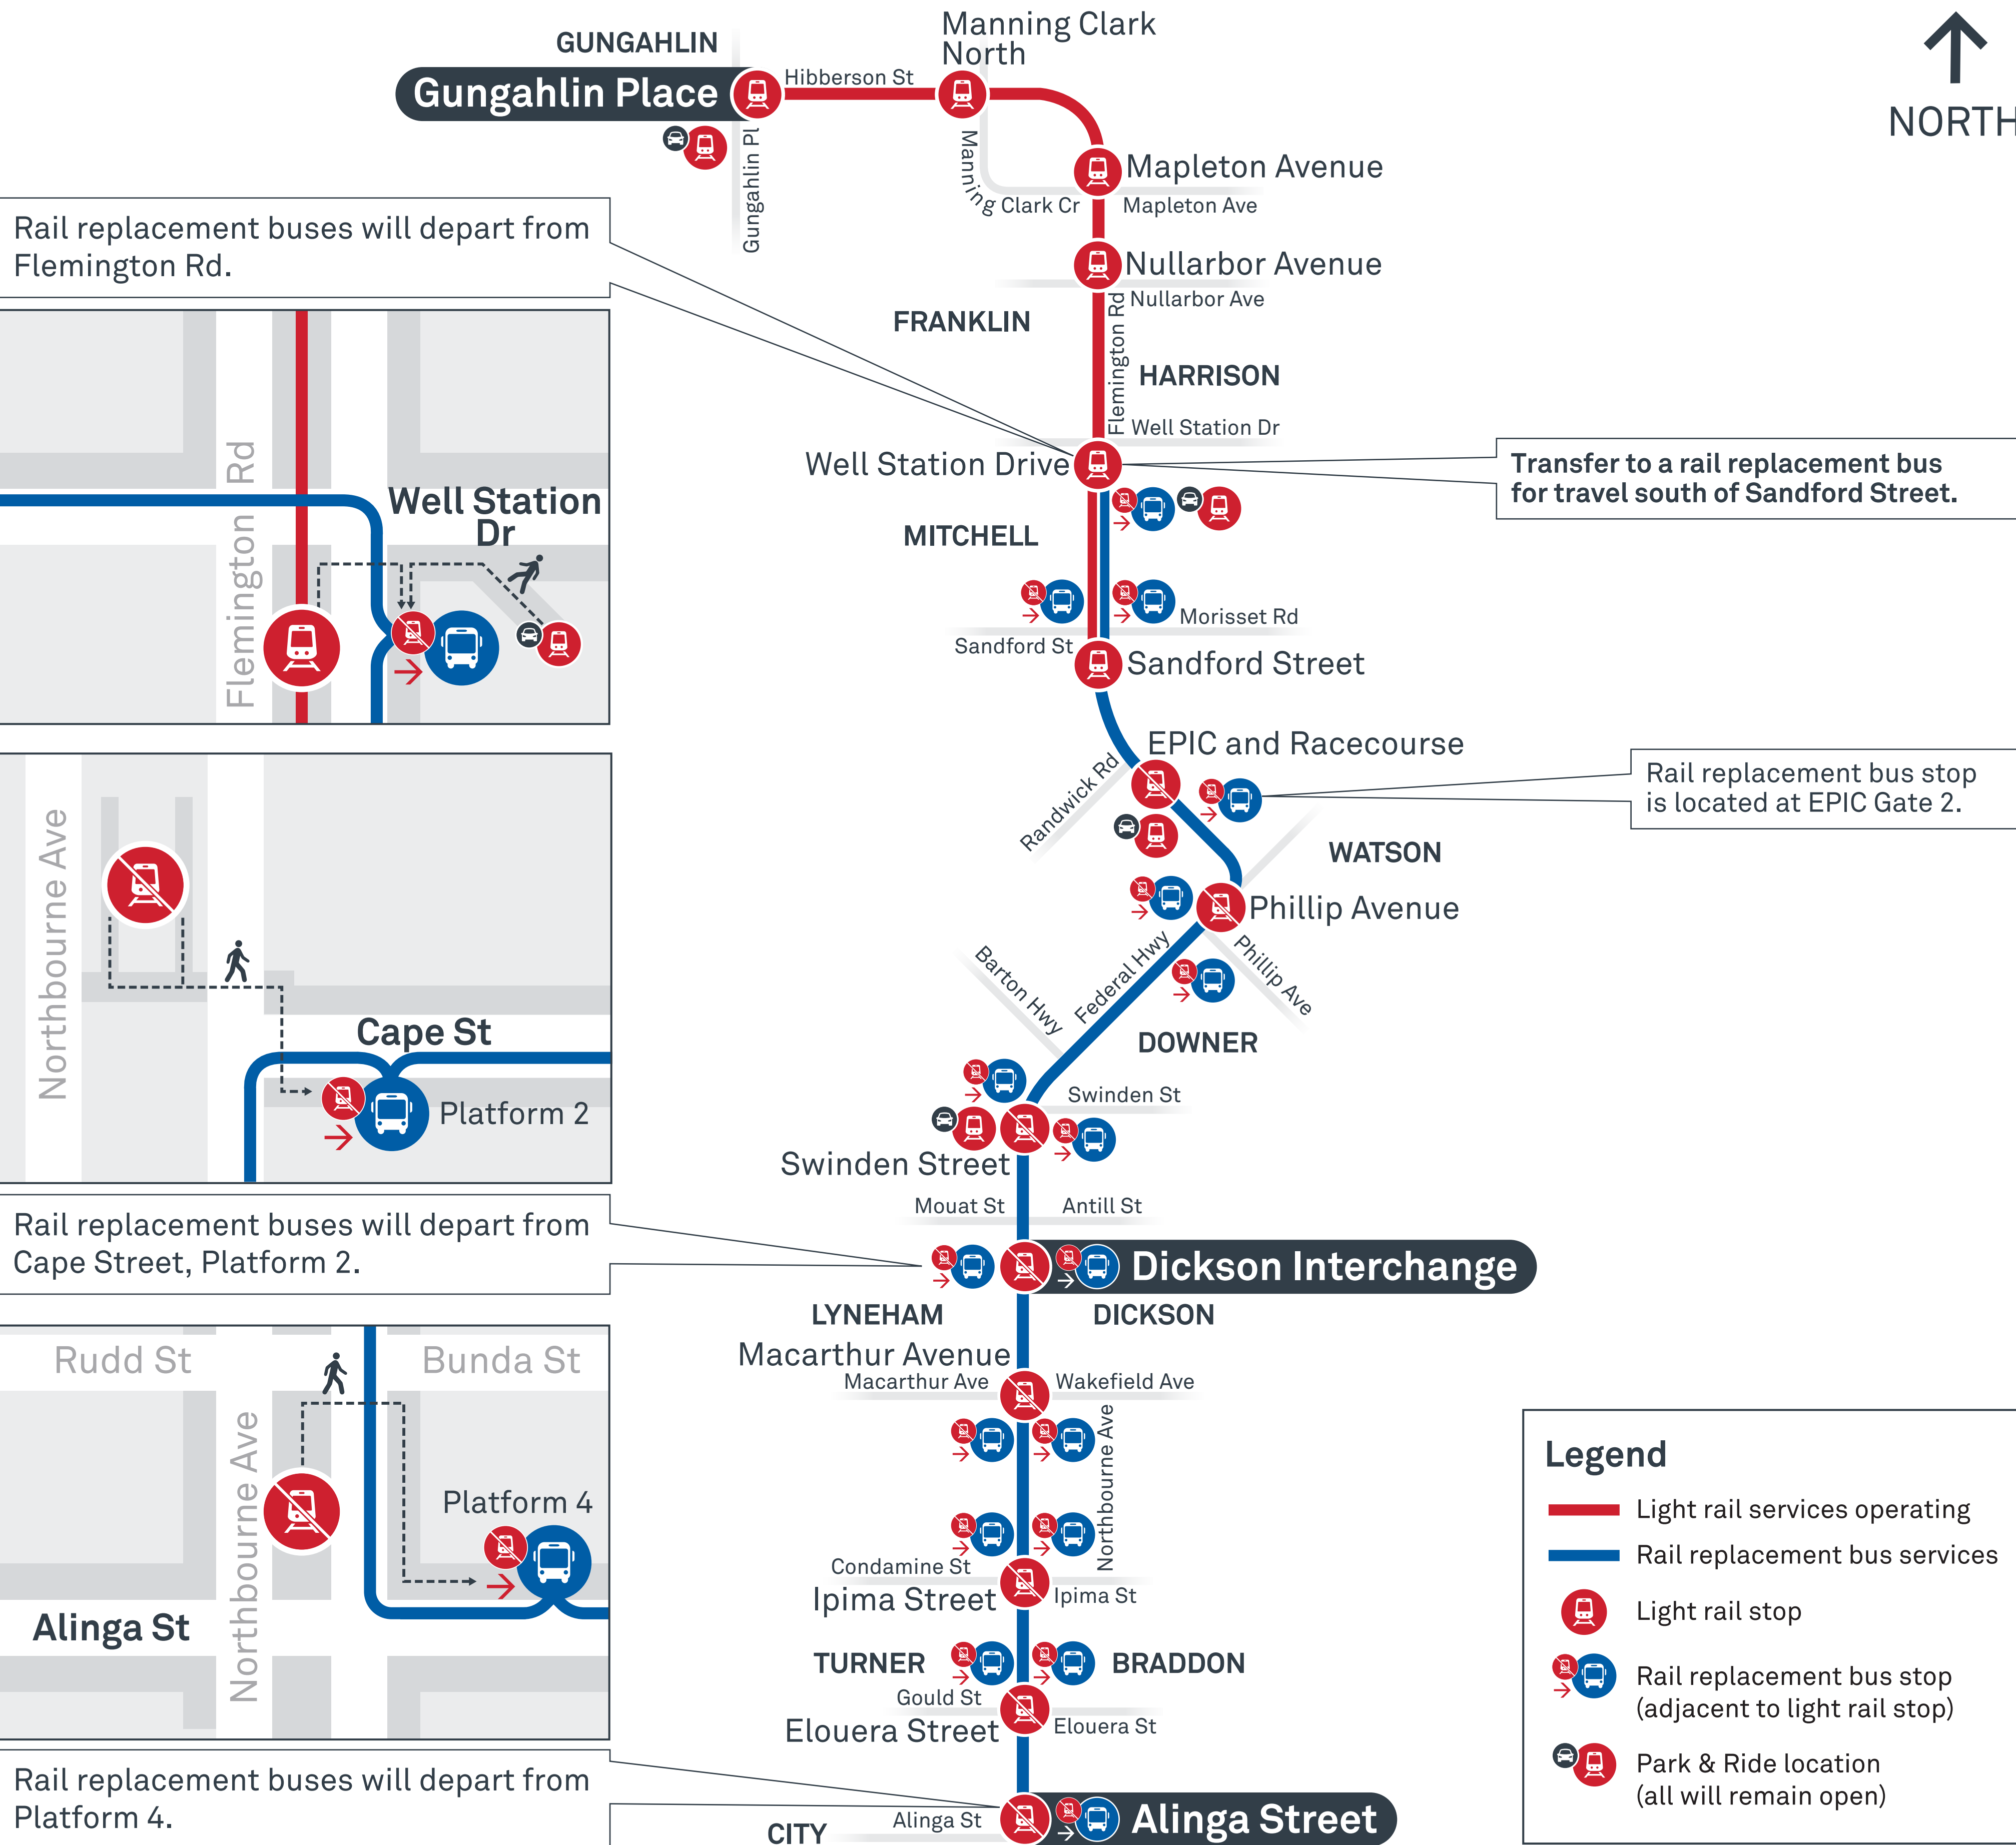

Buses to replace light rail services

A partial network shutdown is occurring on:
Monday 12 January until Friday 23 January 2026 (first - last service).

- Rail replacement bus services will be operating from all stops between Alinga Street and Well Station Drive.
- Light rail services will continue to operate between Sandford Street and Gungahlin Place. There will be no light rail services operating between Sandford Street (southbound) and Alinga Street stops.

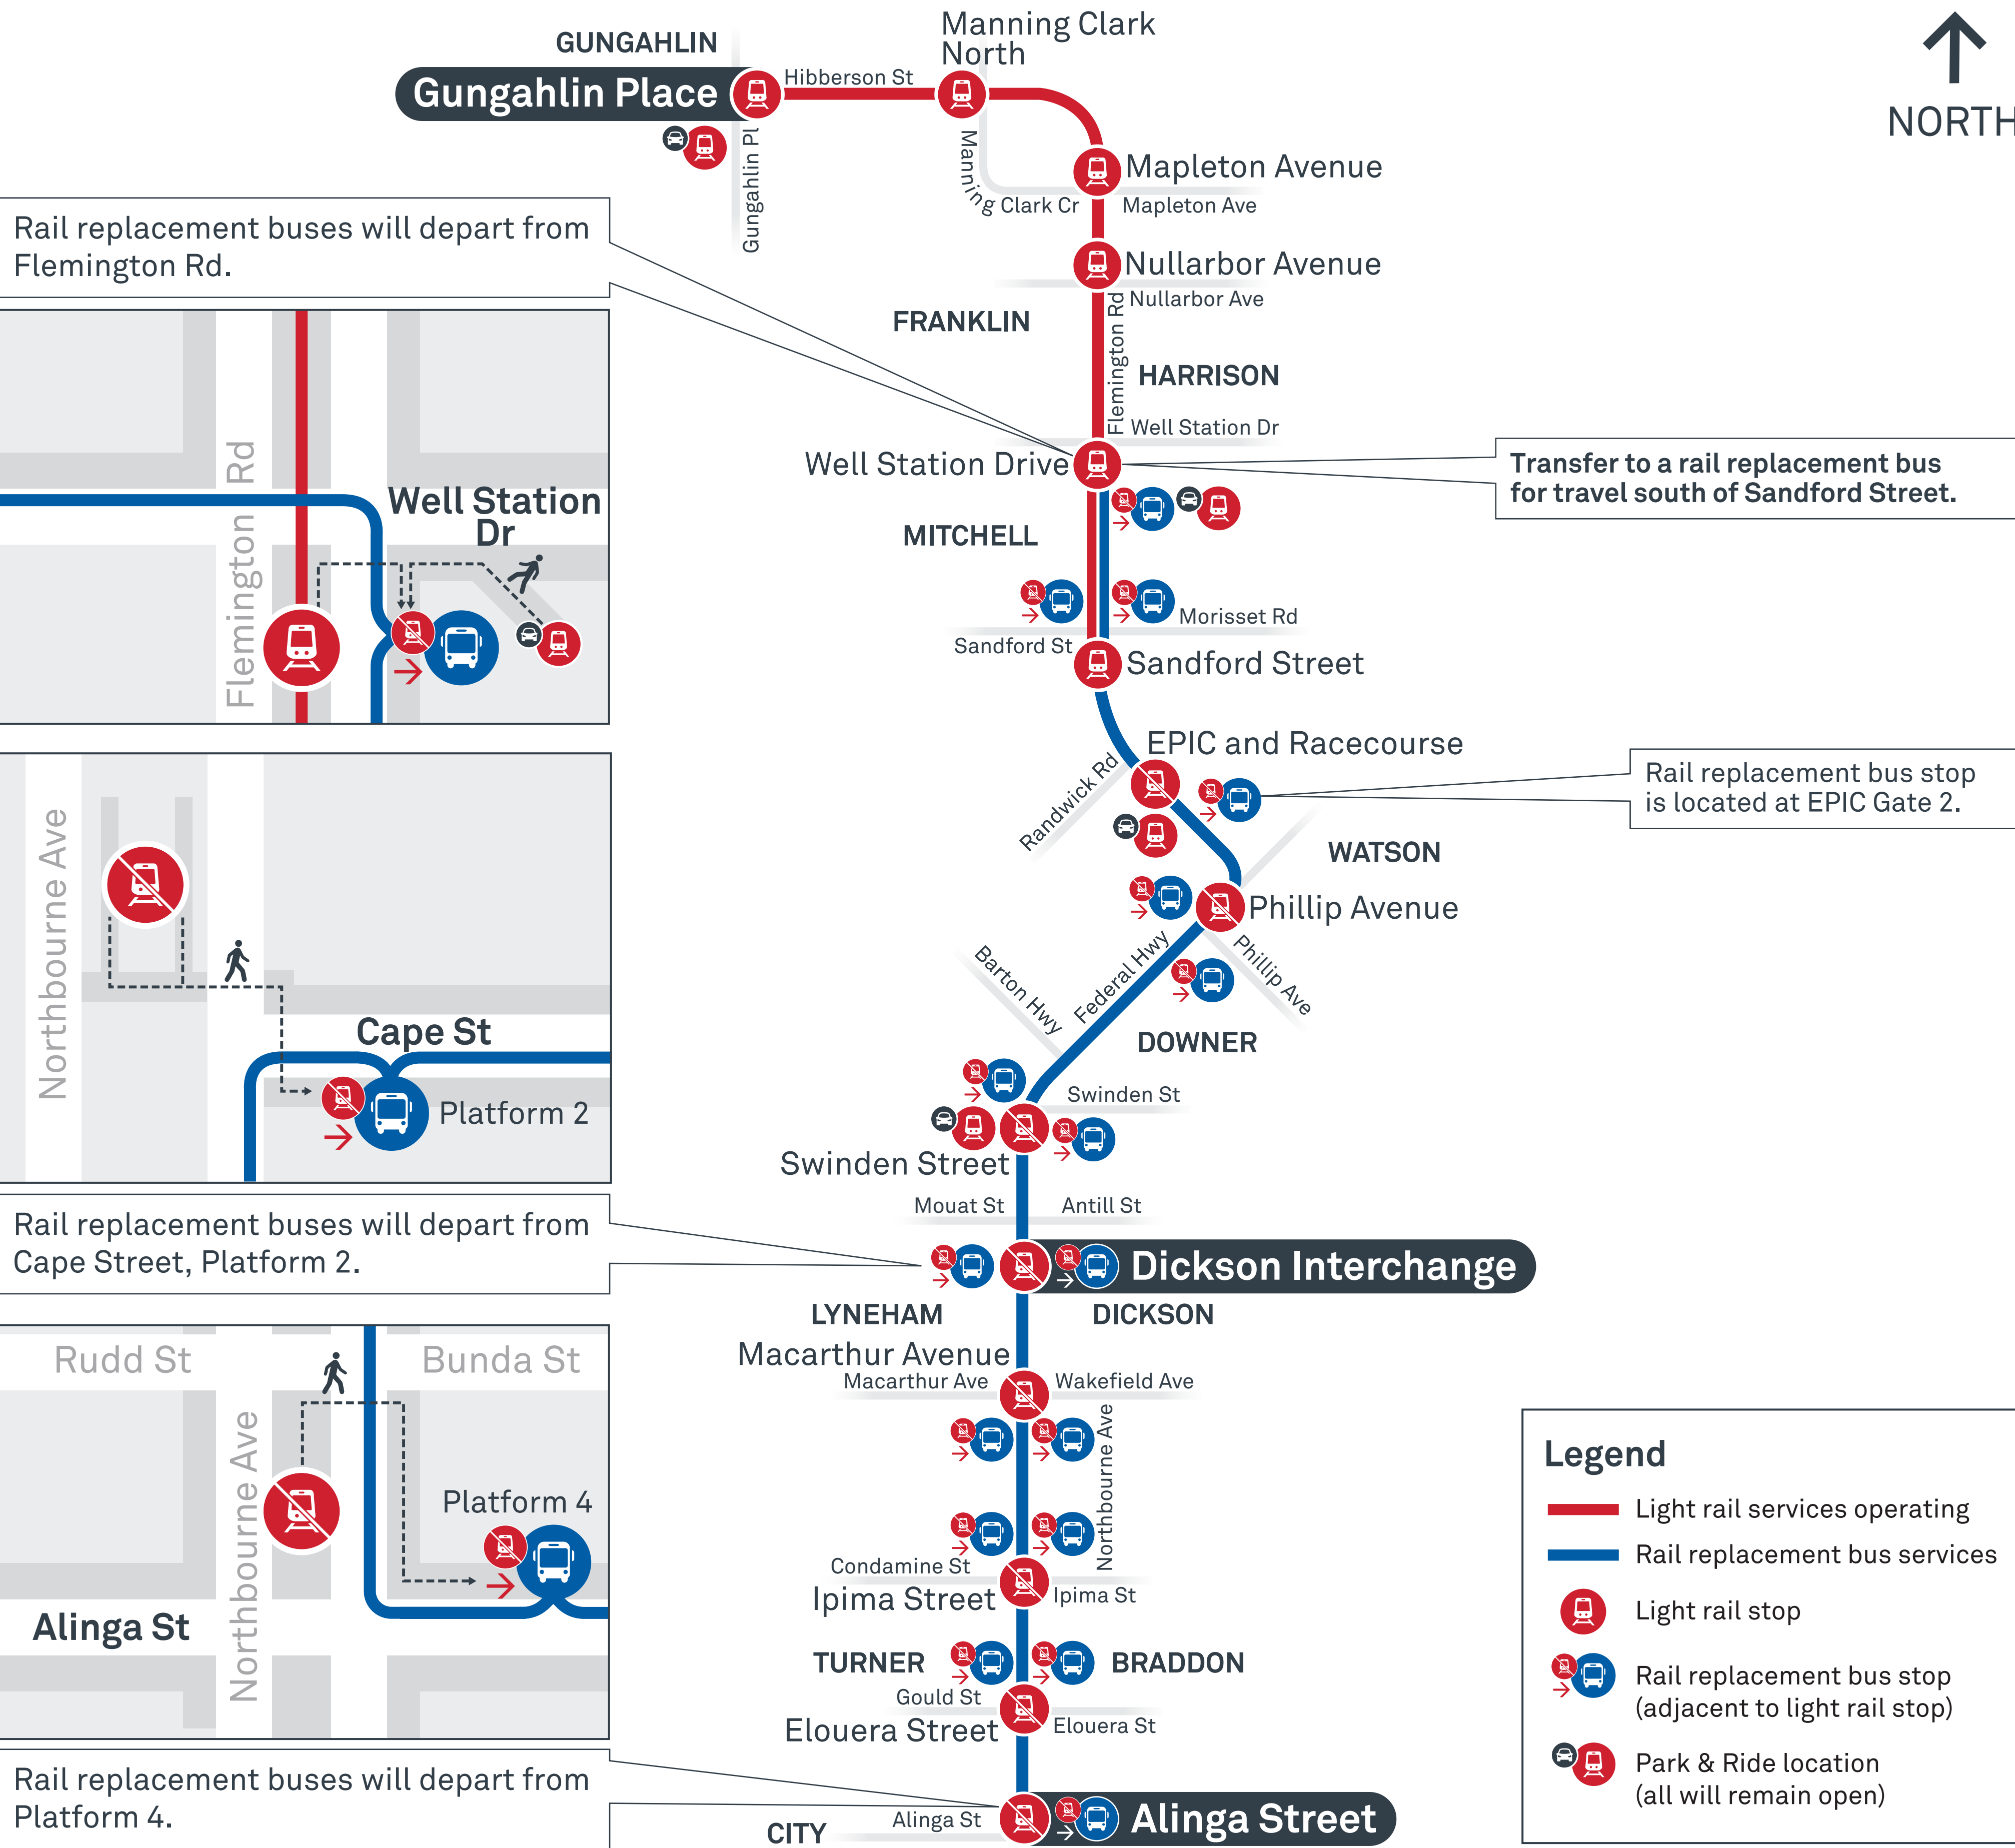

Please allow extra travel time. Apologies for the inconvenience.
For more information visit www.transport.act.gov.au or call Transport Canberra on 13 17 10.

Northbourne Avenue will be fully closed in both directions between Vernon Circle and Cooyong Street.

Bus and light rail impacts, see transport.act.gov.au for more information.

Melbourne and Sydney buildings open for business.

Commonwealth Avenue Bridge closures from 7 January, see nca.gov.au/commbridge.

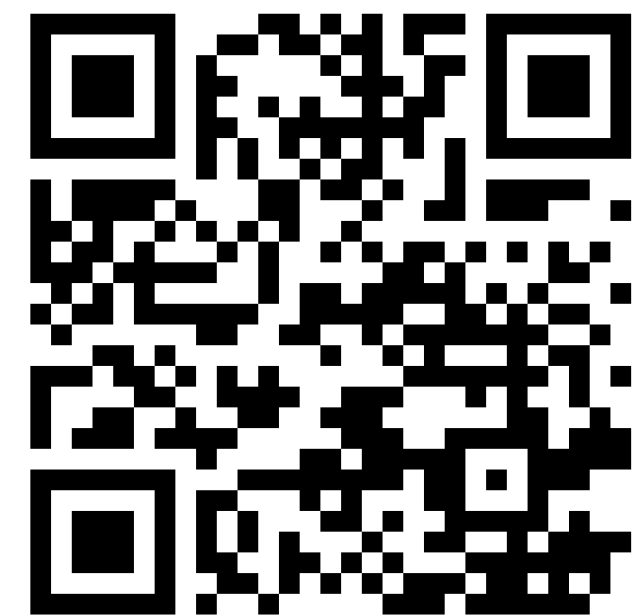

Construction of Light Rail Stage 2A is underway with significant works taking place. During this time there will be disruption to both bus and light rail services. Customers are encouraged to allow extra time to travel during this period.

Changes to platforms in January

From first service Monday 5 January to last service Sunday 1 February 2026

City bus interchange platforms 1, 2, 3 and 4 will be closed, the bus routes that normally depart from these platforms will be moved to alternative platforms in the city.

Due to the Light Rail Stage 2A works, buses are replacing light rail services between Alinga Street and Sandford Street (and will continue to Well Station Drive) until last service on Friday 23 January.

Customers won't be able to take bikes onto rail replacement bus services. Please secure bikes at racks located near affected light rail stops.

Allow extra travel time, listen to announcements and check wayfinding signage for information.
